## *From the Pastor's Desk*

I will begin with wishing everyone a HAPPY SPRING!!! Of course, our winter has been very mild so it seems like we have been having spring for weeks. Also, usually when Jeri and I go to Florida, the difference in temperatures is wide enough that we definitely soak up the warmth while there. Well, half of the time we were in Florida, the chill took over. Now, it was still light jacket for us, but it was chilly. The beautiful thing is to see all the flowers in bloom. Even when we visited our friends in South Carolina! I know though, some of our flowers are already poking through the soil so we too will soon see the beauty of spring!

For this column, I have been tossing around a couple of thoughts....one being the recent passing of a friend and colleague. Rev. Dennis Weidler was always an active person and very fit. Suddenly on a Friday morning as he was completing his usual morning routine his wife saw him sitting on the bed and twirling his arm in the air. She (being a nurse) jumped into action. It turns out Dennis had bleeding in the brain. For about ten days he was in ICU but there was nothing the doctors could do. Dennis did not want life support. He passed away just after noon on February 9th. His funeral was Valentine's Day. I got to know Dennis in Seminary because we were in the same Collegium group for all three years of our schooling. Dennis was very active in the UCC both in Association and Conference levels. He was a dedicated servant of God all of his life. He was one of the most stalwart people you could ever hope to know. Dennis will be missed! And, I ask you to keep his wife Jean and his sons, Jonathan and David in your prayer thoughts!

The other focus that I have contemplated for this month is, of course, Lent. We observed Ash Wednesday on February 26th. This is always a moving service because early on, we have our prayers of Confession and then we receive the mark of the cross - a sign of penitence and prayer. Then we also share the Sacrament of Holy Communion.... something that adds so much meaning to the Ash Wednesday experience. (I had not ever combined Communion with the Imposition of Ashes until I experienced it here and I definitely appreciate the spiritual intensity!)

Being in the season of Lent of course brings us to a more intentional and intense prayer life. We are called to be introspective about our devotion to God and His will and calling of our life. We are to seek the voice of God opening our eyes to the areas of life where we should put away the things of this earth and fill that void with the things of God. Part of this process involves "giving up" something for

# MARCH

Lent. This is part of our observation of fasting that is also an intense part of our Lenten journey. Many people choose to give up something that they have already been able to do without but for an indulgence now and then. But that is not what our intent should be...we should try to give up something that we generally feel we “just can’t live without” because when we “fast” from that sort of thing, we are more challenged to live life focused on God rather than on having (or enjoying) the item we are giving up. Over the years I have given up eating candy; giving up soda (back in the days I drank it); etc. This year, I am not sure as of the writing of this message just what I will give up. I have already uninstalled some games on my phone that I played every day (two games remain). I have changed my eating habits so that I do not eat as much starch or pasta; I could do a fast from iced tea but I drink it unsweetened so there is no benefit other than drinking water instead. Goodness, I am not sure what I will fast from doing this Lent season. But, the important thing is to deepen our interaction and our interrelatedness to God for the forty days from Ash Wednesday to Easter. (Do remember, Sundays are a free day so we do not include them in the forty days.)

God bless you in whatever you “give up” for Lent. God give us all the spiritual strength we need to be devoted to Him.... ALL WAYS, always!

God Bless us ALL! With love - Pastor Lou Ann

“‘Finding yourself’ is not how it works. You aren’t a 10-dollar bill in last year’s coat pocket... ‘Finding yourself’ is actually returning to yourself, remembering who you were before the world got it’s hands on you.”

Ellen McDowell

What if you gave a dear friend or adult child a precious family heirloom; say, maybe a delicate Chinese celadon bowl? You place it gently into their outstretched hands and slowly drawing back your hands, you ensure that it nestles in their possession. They glance at it momentarily, then flip it in the air and catch it just before it hits the ground. Next, they bang it a few times on the wall; then they casually spin the now-cracked bowl a few times before dumping half a jar of salted peanuts into it. When we abuse our physical bodies, be it with drugs, alcohol, junk food, lack of exercise or too much stress and too little sleep, we insult the Creator who place the spark of life into these "wondrously made" bodies He has given us out an unfathomable love for us, His children, His dear friends.

Lisa Bowman

“Life is not a race - but indeed a journey. Be honest. Work hard. Be choosy. Say "thank you", "I love you", and "great job" to someone each day. Go to church, take time for prayer. The Lord giveth and the Lord taketh. Let your handshake mean more than pen and paper. Love your life and what you've been given, it is not accidental, search for your purpose and do it as best you can. Dreaming does matter. It allows you to become that which you aspire to be. Laugh Often. Appreciate the little things in life and enjoy them. Some of the best things really are free. Do not worry, less wrinkles are more becoming. Forgive, it frees the soul. Take time for yourself ~ plan for longevity. Recognize the special people you've been blessed to know. Live for today, enjoy the moment.”

Bonnie Mohr

The Finnish call March, "maaliskuu," which comes from "maallinen kuu," and means "earthy month." The name comes from the hope that earth or dirt will actually be visible under the snow during this time of year.

### DR. SEUSS

Theodore Seuss Geisel was born in March 1904. Dr. Seuss, as we have come to know him, gifted us with 42 world famous books written for children of all ages. He befuddled our minds, touched our hearts and challenged our conventional wisdom. He was a life long student of human nature, both as it was and as it could be. Dr. Seuss passed away in 1991, but he will live forever in the hearts of both the young and old...  
A few Seussisms...

"Be who you are and say what you feel because those who mind don't matter and those who matter don't mind."

"A person is a person, no matter how small."

"Don't cry because it's over. Smile because it happened."

### WAR ANGEL

Crossing the border into Baghdad, my husband’s unit settled in for a rare operational pause. He realized his extreme lack of sleep, but the perimeter needed to be secured. Soon, he was back home in bed, feeling the most comfortable he had ever felt...so warm... not cold at all, peaceful. Suddenly, he felt our daughter tapping him. She was tapping, tapping and saying “Daddy, wake up. Daddy, Daddy, wake up.” He woke with a start, thinking that he would be seeing our daughter’s sweet face looking down at him. Instead, he saw movement along the horizon. Needless to say, the sighting was verified to be enemy forces and the platoon was alerted in time. The love and devotion for her father came through in such a strong spiritual way that will never be forgotten. God used her to help!

We are all truly connected by love.

## THE LISTENING DOLPHIN

Bottleneck dolphins are amazing animals and quite intelligent. They communicate primarily by sound, which makes sense because sound travels up to five times faster underwater. Dolphins have a complex social network and hunt together in pods for food.

At the early age of three or four months, each dolphin begins to develop an individual whistle, called its “signature” whistle. According to research, this particular sound identifies the dolphin. The whistle may be used to signify distress, to let the rest of the pod know where it is, or to maintain contact with another dolphin, especially in the case of mother and calf.

One important fact is noted from studying dolphins. They never whistle all at once. To communicate, they must listen first. Such a simple fact. I am **not a good listener**. I don’t know if its because there were nine children in our household, or the fact that I was the oldest. My mother used to say “Can we please keep the noise down to a dull roar?” There was a lot of noise in our home, and perhaps to be heard, we all had to speak loudly and often. As an adult, I am trying to improve my listening skills.

Someone has observed that we have two ears and one mouth because we need to listen twice as much as we speak. In the ever increasing “noise” of social media, in this information world in which we live, it seems that true listening and communication have fallen by the wayside. To learn to listen is one of the most important things we can do. Rather than always needing to talk, we need to truly listen. We need to understand that it is not always necessary to have our own opinions expressed. Give someone the gift of truly listening to them!

## HAPPY MAEWYN SUCCAT DAY!

Did you know that Saint Patrick's name at birth was Maewyn Succat? He was born somewhere near the end of the fourth century and took on the name Patrick after he became a priest, much later in his life. At the age of sixteen Maewyn Succat was kidnapped from his native land of Wales, by a band of pirates, and sold into slavery in Ireland. Maewyn worked as a shepherd and turned to religion for solace.

After six long years of slavery he escaped to the northern coast of Gaul. In Gaul, Maewyn became Patrick (a more Christian name) and studied in the monastery under St. Germain, bishop of Auxerre for twelve years. He came to believe that it was his calling to convert the pagans of Ireland to Christianity. Patrick was about sixty years old when he arrived in Ireland and it is said that he had a winning personality that helped him win converts. He used the shamrock to help explain the concept of the Trinity. To introduce the symbol of the cross, he superimposed a pagan sun onto it, creating what we know as the Celtic Cross.

Patrick was arrested several times, but escaped each time. He traveled throughout Ireland, establishing monasteries and setting up schools and churches to aid in converting Ireland to Christianity. While legend has it that St. Patrick drove the snakes from Ireland, in truth, the island never had snakes. The myth probably evolved as a metaphor for the eradication of pagan practices from Ireland. Within 200 years of St. Patrick's efforts, Ireland was a completely Christianized society.

## GRACE!

The bank gives us a grace period. The seedy politician falls from grace. Musicians speak of a grace note. We use the word for hospitals, baby girls, and pre-meal prayers. We talk as though we know what grace means.

If you turn the page of your Bible and just look at the words, you might as well be gazing at a cemetery...lifeless, stony...nothing moves you. But you don't dare close the book, no sirree. You dare not miss a deed for fear that God will erase your name.

If that's your feeling, grace can speak to you. God's grace has a drenching about it. It comes after you. It re-wires you! From insecure to God's secure. From regret riddled to better-because-of-it. From afraid to die to ready to fly.

As Paul said in Galatians 2:20, “It is no longer I who live, but Christ who lives in me.” Grace!

You might call it a spiritual heart transplant!

## Revelations for MARCH from “Bly Mire” Mouse

Have you heard the adage...”Spring has sprung. The grass has ris’. I wonder where the flowers is?” I am amazed to see that some of our spring flowers are already popping their heads out of the soil. But, I just hope that the trees do not bud so early because there is always a chance of a late freeze. How about this winter? I had to chuckle this morning. I heard Joe Calhoun say that North Carolina and South Carolina had a chance of getting a couple of inches of snow. If they do, they in one storm may get as much, if not more, snow than we have gotten all winter. I am not complaining, but this winter has been so mild,

I just hope that does not mean a hot humid summer is around the corner. But, as I think back to the beginning of last summer, with all the rain and weather conditions we had I heard a number of people say that the coming winter was going to be frigid and lots of precipitation. Well, we did have a good bit of rain throughout this winter season, but IT WAS NOT SNOW!!!! And the temps were really not that cold.

I am wondering if some of you are as concerned as I am about the Coronavirus? I listen to the news every day to catch up on what is reported. I feel sorry for everyone whose loved ones died after contracting this virus. And, I pray for everyone who has been quarantined throughout this time. I cannot imagine how business owners in China are making it. And for those who were quarantined on the ships..... OH MY! I remember back in September when I snuck along on the cruise to New England and Canada, I was so glad to get off the ship after nine days. (Remember two of those days we sat in port in Baltimore before we got sailing.) But, to have to stay on board the ship for two weeks after it is docked in port and knowing that the virus in making its move through the passengers..... AAARRRRGGGGHHHH! Where do you go to stay safe from the germs???? But, God Bless all who are affected! All of you, PLEASE stay safe and healthy!!!

### March’s humor:

This happened to one of my little ones this school year: One day a substitute teacher was called in for a day. She walked in the room and saw a young boy in the front row moving his jaws in such a way it looked like he was chewing gum. She came over to him and quietly asked him if he was chewing gum. He looked up at her and replied....”No ma’am. I am Bobby Jones.”

and

If you have a bit of tension so much so you end up with a headache, here is an easy prescription to follow. It is on an aspirin bottle.... “take two aspirin” and “keep away from children.”

# Joyful noise

Use your voice and this hand-crafted percussion instrument to make joyful noises to the Lord.

## What you need:

- Dry beans (about one Tbsp)
- Plastic Easter egg
- 2 plastic spoons
- Masking tape
- Markers and stickers

## What you do:

1. Place the beans inside the egg and snap it closed.
2. Set the egg in a spoon and cover it with the second spoon so the spoons are holding the egg.
3. Tape the spoons to the egg. Also wrap tape around the spoons from top to bottom to make a shaker handle.
4. Decorate your shaker and use it as you sing praises to God.
5. Experiment with sounds by filling other eggs with coins, rice, and so on.

## MAKE MUSIC TO THE LORD

People of the Bible used many different instruments to worship God through music.
